**MOMS DEMAND ACTION FOR GUN SENSE IN AMERICA- NEW JERSEY CHAPTER
TO HOLD DOMESTIC GUN VIOLENCE AWARENESS EVENT**

**Moms Demand Action-New Jersey Chapter will host a Domestic Violence Awareness
event Highlighting the Need for Stronger Legislation**

(Montclair, NJ) October 22, 2013: : In honor of Domestic Violence Awareness Month, Moms Demand Action for Gun Sense in America has launched a national domestic gun violence awareness campaign to push for stronger policies surrounding domestic violence and gun ownership.

The local New Jersey chapter will be participating with a rally on October 27th, 2013 at Watchung Plaza, Montclair, NJ at 2 PM.

Featured speakers will include Cynthia Walker, founder of S.O.F.I.A., a non-profit organization that provides advocacy and support for victims of domestic violence.

Moms Demand Action is partnering with the Violence Policy Center (VPC) to promote its report, [When Men Murder Women: An Analysis of 2011 Homicide Data](#), released Sept. 25, 2013, which lists the top 10 states with the highest rates of females murdered by males in single victim/single offender incidents in 2011.

According to the new report:

- Firearms—especially handguns—were the most common weapon used by males to murder females in 2011.
- Of the females killed with a firearm, nearly two-thirds were murdered by male intimates.
- The number of females shot and killed by their husband or intimate acquaintance (489 victims) was more than five times higher than the total number murdered by male strangers using all weapons combined (92 victims) in single victim/single offender incidents in 2011.
- New Jersey has seen at least six domestic violence gun-related deaths in 2013.

“We are asking Congress to protect women from domestic abusers by immediately enacting common-sense reforms that will help keep guns out of dangerous hands,” said Mandi Perlmutter, chapter leader of Moms Demand Action for Gun Sense in America – New Jersey Chapter. “Across this country, it is far too easy for an abuser or someone with a domestic

violence conviction to get ahold of a gun without a background check. We urgently need better national policies that protect women and their families from this senseless violence. No American, adult or child, should live in a perpetual state of fear. It's inhumane."

Moms Demand Action is asking for:

- Members of the House to co-sponsor H.R. 1565, the King/Thompson bill, which would extend background checks to private and online sales of firearms.
- The Senate to bring the Manchin/Toomey bill back to the Senate floor and pass it. This legislation would also expand the background check system and close loopholes that would help keep guns out of dangerous hands.
- Both chambers to commit to working on and supporting legislation to protect abused women, like S. 1290, the "Protecting Domestic Violence and Stalking Victims Act of 2013;" H.R. 2648, the "Keeping Guns from High Risk Individuals Act;" H.R. 1914, the "Preventing Victims of Stalking Act of 2013;" and, H.R. 1177, the "Domestic Violence Survivor Protection Act."

"We must utilize our most powerful weapons to defend ourselves, and that is our MINDS," said Cynthia Walker, founder of domestic violence victim advocacy group S.O.F.I.A. "Guns in the home not only puts ourselves in danger, but our children as well."

"The sad reality is that women are nearly always murdered by someone they know," said VPC Legislative Director Kristen Rand. "We need new policies in place from local communities to the federal government to protect women from harm."

As part of the domestic gun violence awareness campaign, Moms Demand Action is encouraging moms to create and decorate a number "9" to represent the nine women who lose their lives each week to domestic gun violence. The "9" will be sent electronically and delivered in-person to members of Congress. <http://momsdemandaction.org/domestic-gun-violence/>
